The manual states this a complex trim and tilt system. Great!!! Looking at the manual it appears the system is modular and the motor and pump assembly can be replaced as a unit. I just bought a used boat last year with a 2002 225 Ficht outboard on it. The engine runs AWESOME although its a bit loud. Anyway i put new Garmin electronics on the boat and was hoping i could connect the engine gauge data to my screen but to do so the engine must have a NMEA output.
